INTELLIGENCE × ROBOTICS ACTION!!

前号までのバスタードレス!!

With Gunhawk revived, Aira's Astolantia, and Legulus' Caldobolg, the three machines have started battle. The enemy are many Buster Dress who Alice, the artifical intelligence powerful enough to control Second Earth, sent.

I WANT TO HAVE THE POWER... TO PRO-TECT...

Are you...

Ready?

Haruto...

Haruto, were you hurt?

To Gunhawk whose right arm was broken, he was given a new right arm called 'Bone Master'. But he wasn't officially 'A Knight of Death' so he couldn't control the machine and synchronize with it. To do so, you must be 'knighted'. This means now that Haruto can't run away from this fight anymore.

ドリル!!

REGIS-TER - D 28846 HARUTO AOI.

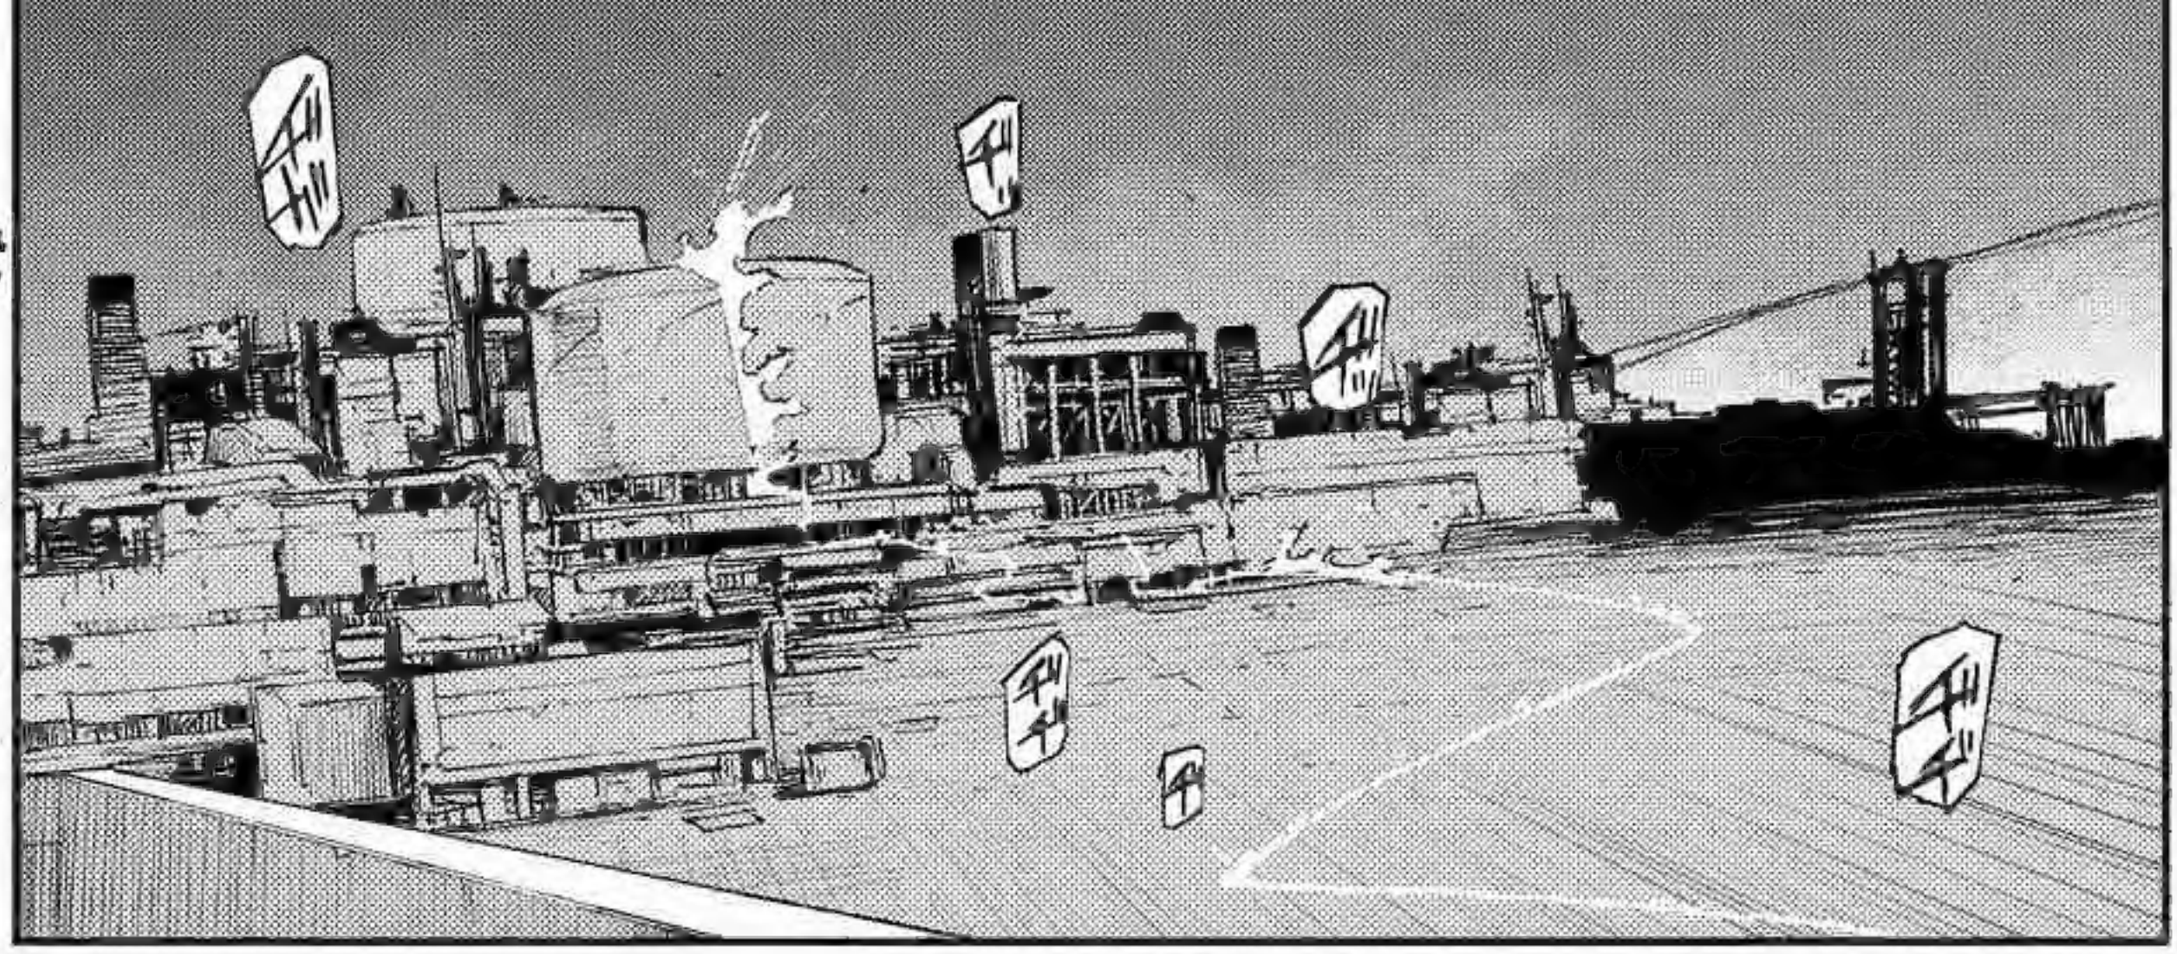
Immedi-ately, Astolantia is knighting Gunhawk.

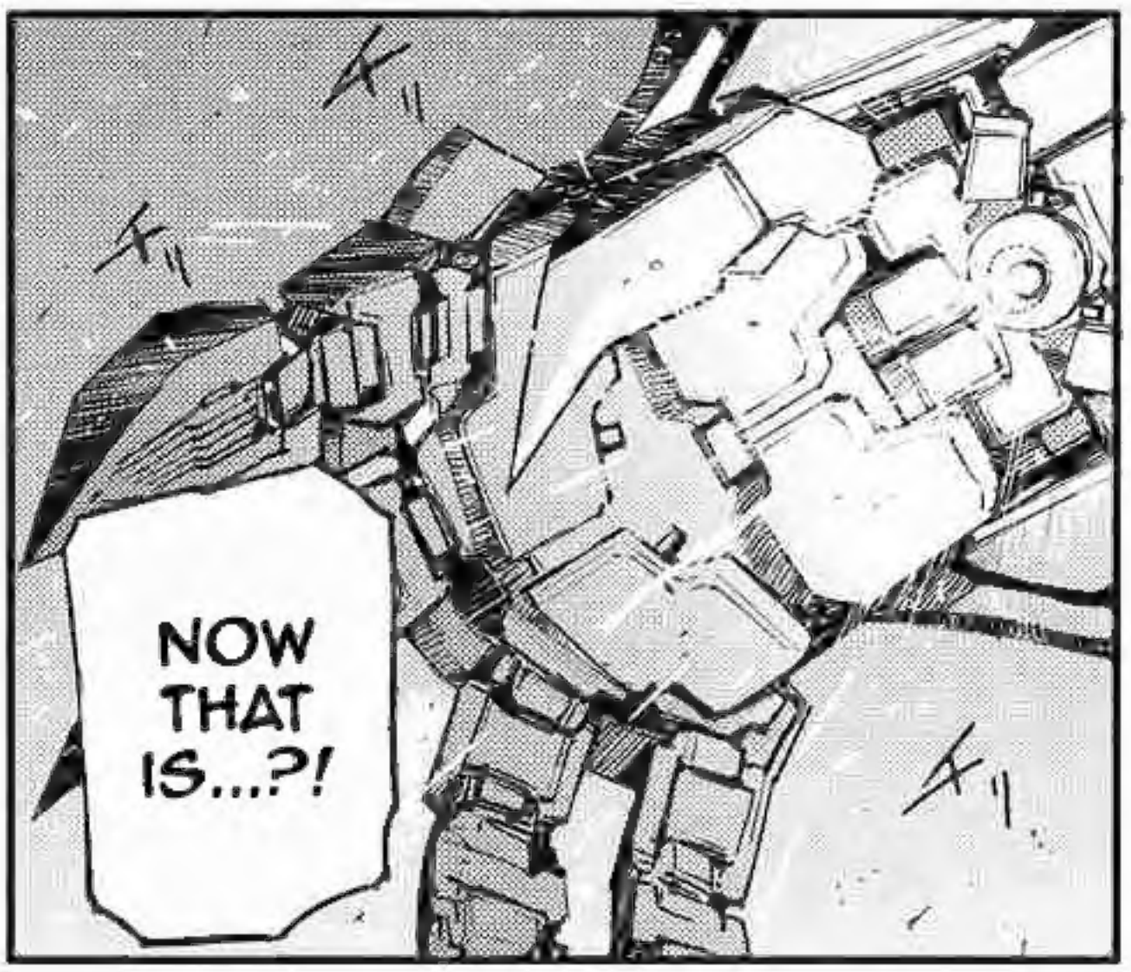
すごい!!

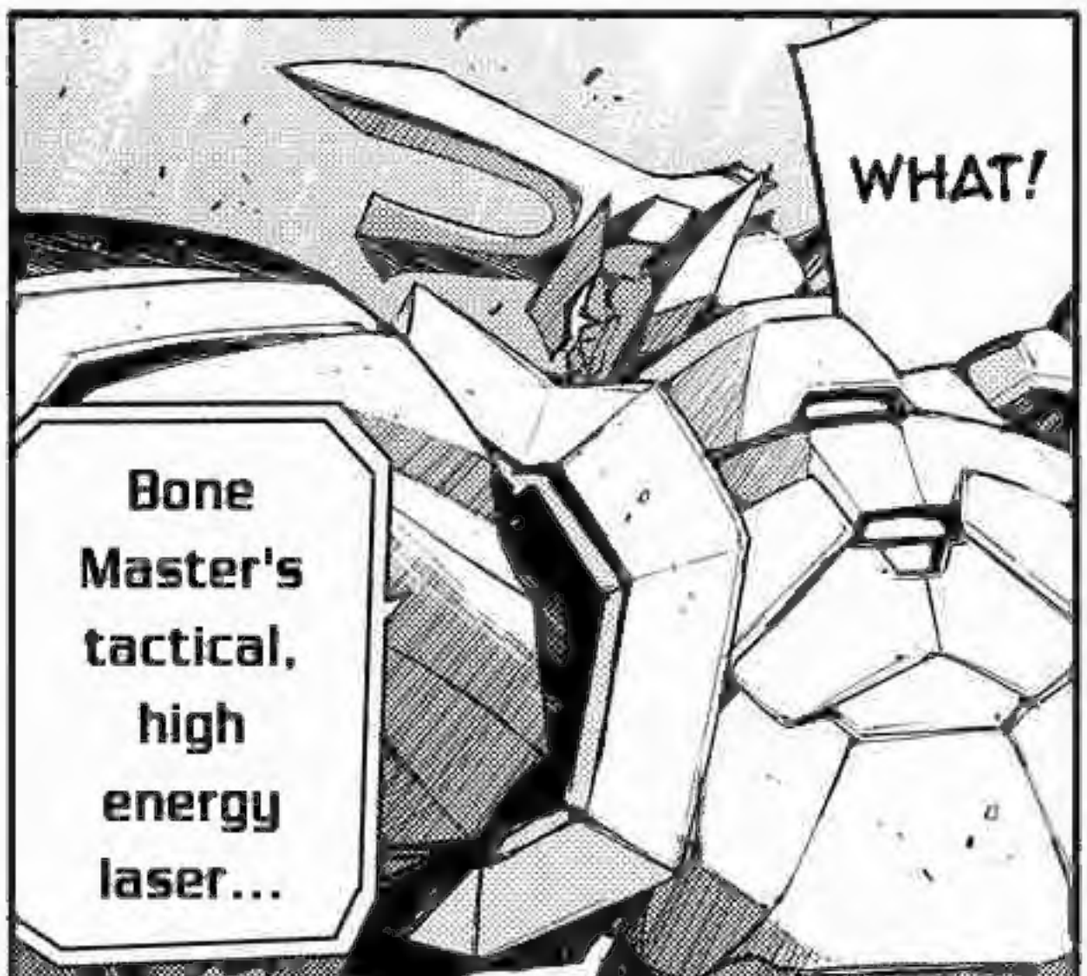
I APPOINT YOU AS A KNIGHT.

Gunhawk who's showing off a great power! Finally, Haruto and Gunhawk became the 'Knight of Death' officially, and are going to fight the enemy Alice along with the two other robots, Astolantia and Caldobolg. What's going to happen-?!

From the right arm of Gun-hawk, there's a ray of light!







BUT... IT'S AN AMAZING POWER.

No way!

I used up 2% of battery with that attack just now!

Wait, the enemy hasn't been damaged at all.

!

!

「WE'RE GOING TO DESTROY THAT RIGHT ARM!」

★この物語はフィクションであり、実在の人物・団体・出来事などとは、一切関係ありません。

!

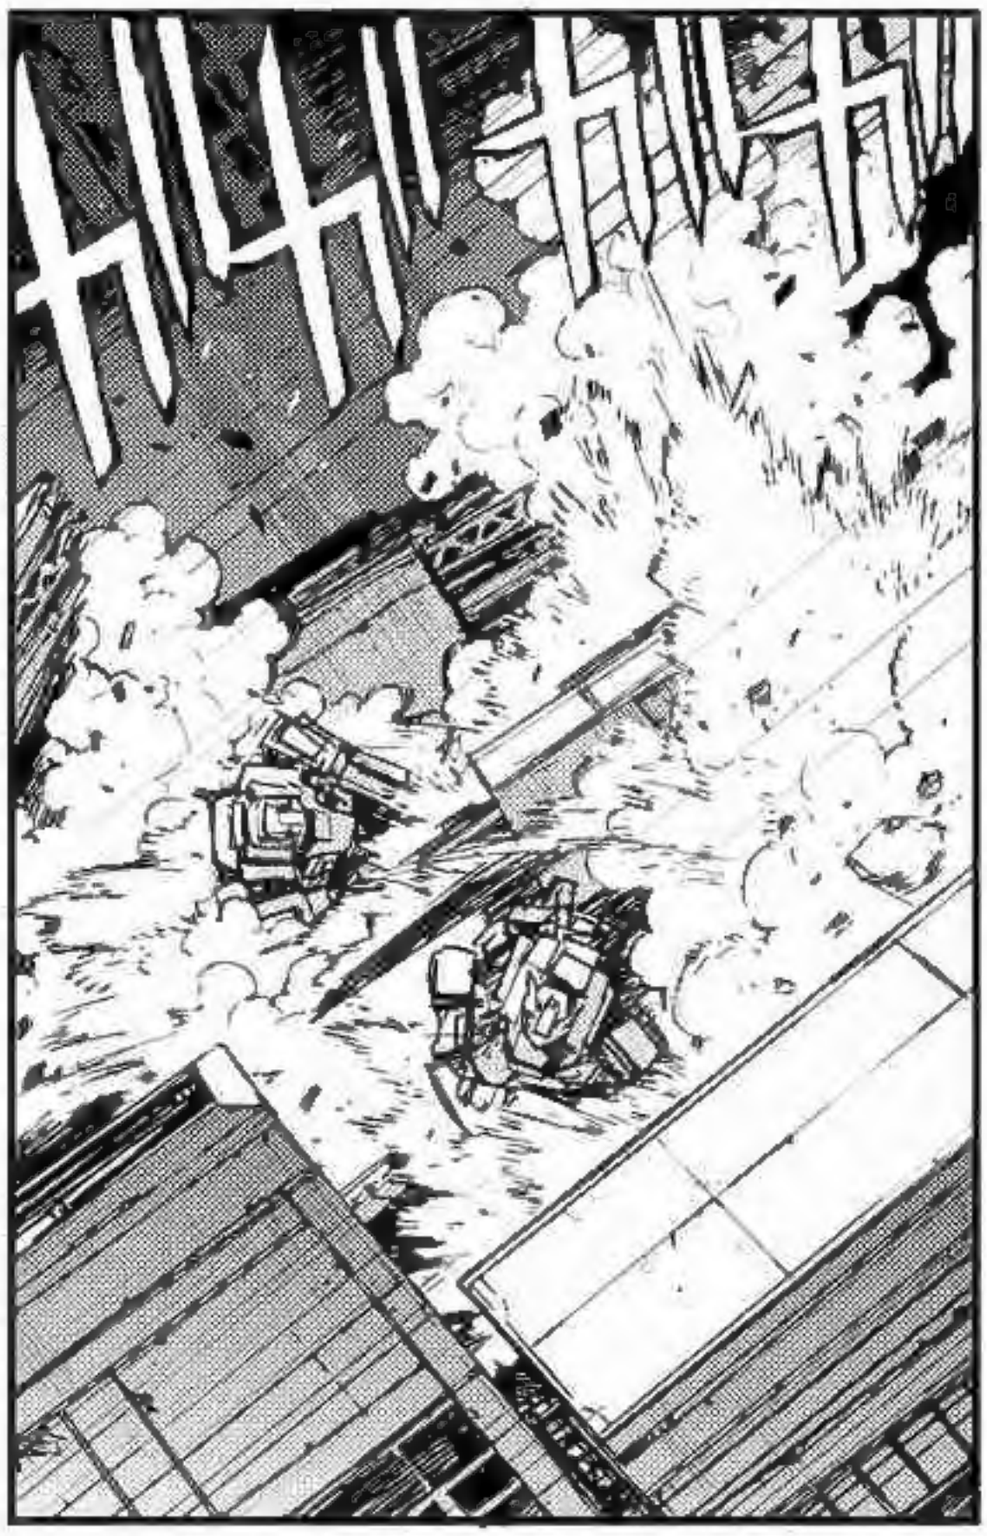
ズ

!?

You shouldn't be touched by something like that!

THAT'S AMAZING... NOT EVEN A SCRATCH ON IT?!

RIIII



GUNHAWK!

I was being too careless. Were they cutting off the pillars of the floor?!

ガ!!

ガ

ガ

!

You're going to fight us.

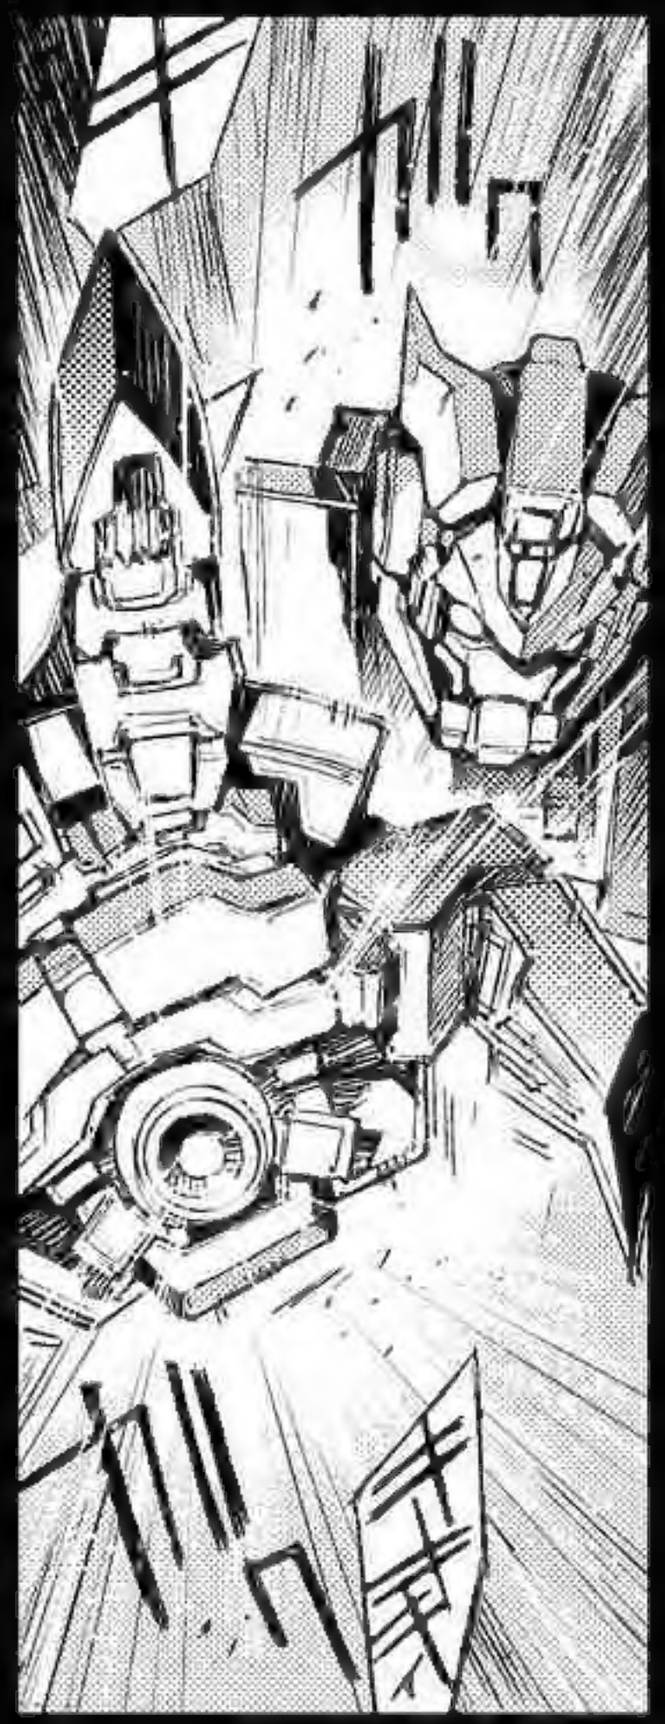
In this distance, I can't shoot through the armor of the Buster Dress with a 60 mm bullet!

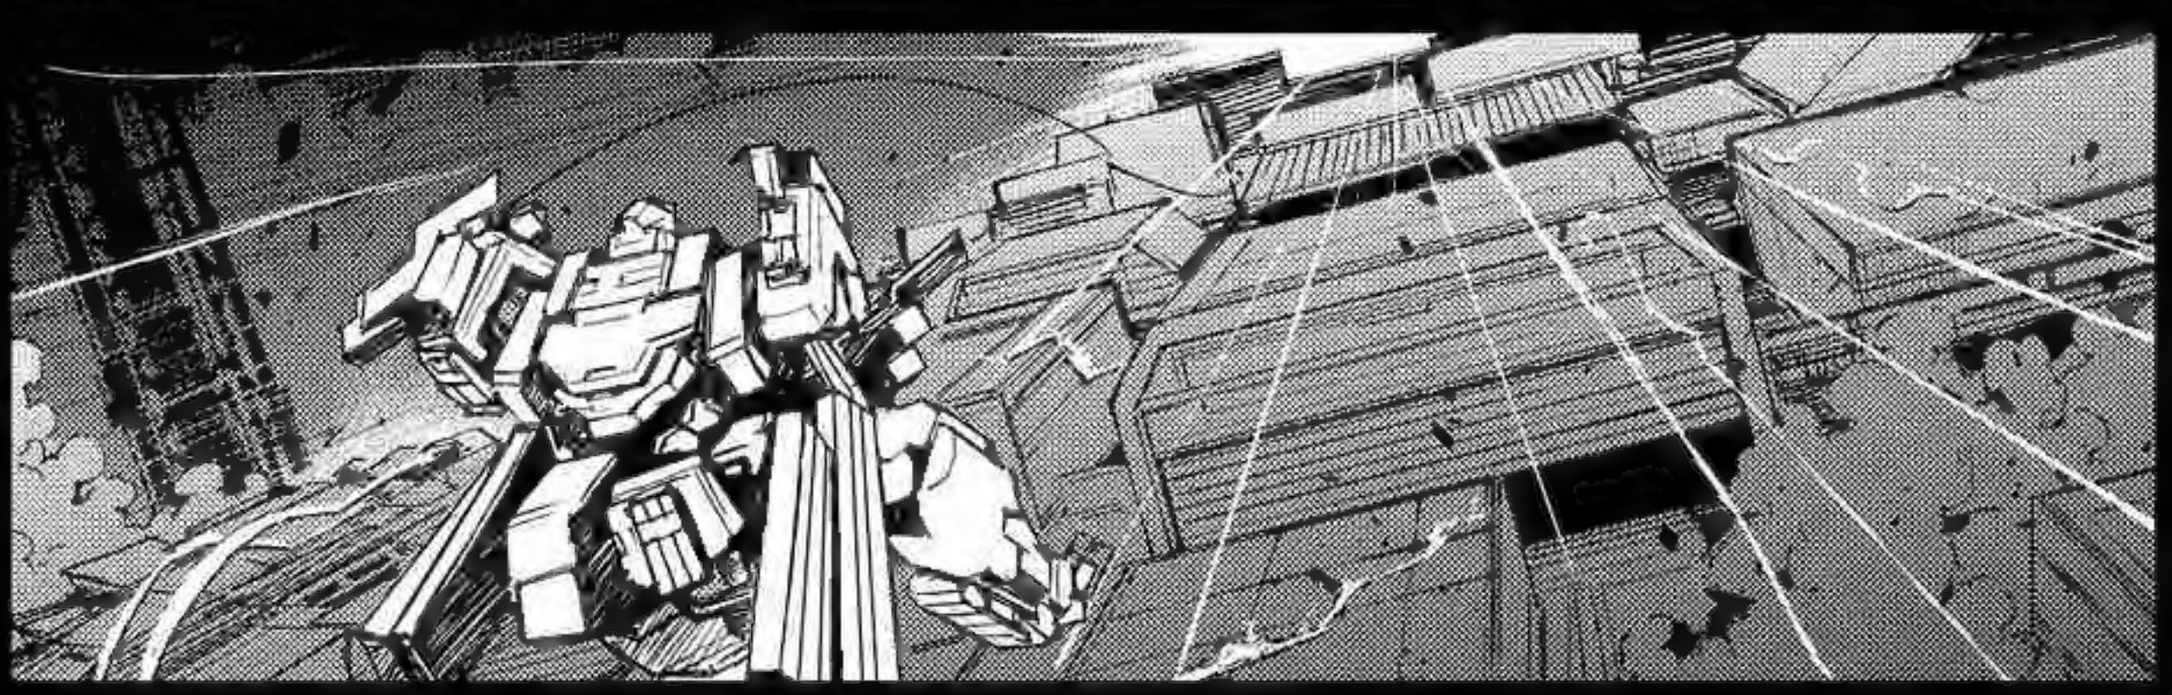
Ugh... they were prepared for a surprise attack.

I DON'T THINK THEY LIKED THAT!

UGH...!

Wait! Haruto!





Aira!

!

THAT ASSHOLE... WHAT IS HE DOING...?!

WAIT...

...I didn't mean to show it in a situation like this...

BUT IT'S OKAY.

SPECIAL ROBOT ATTACK.

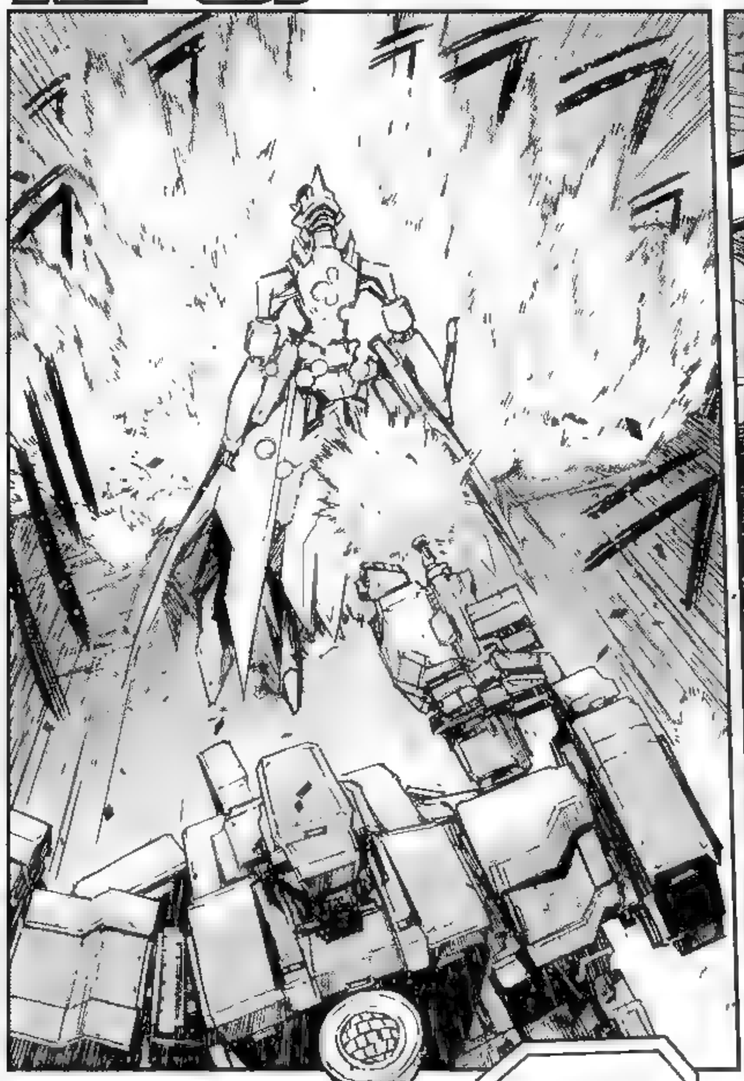
!

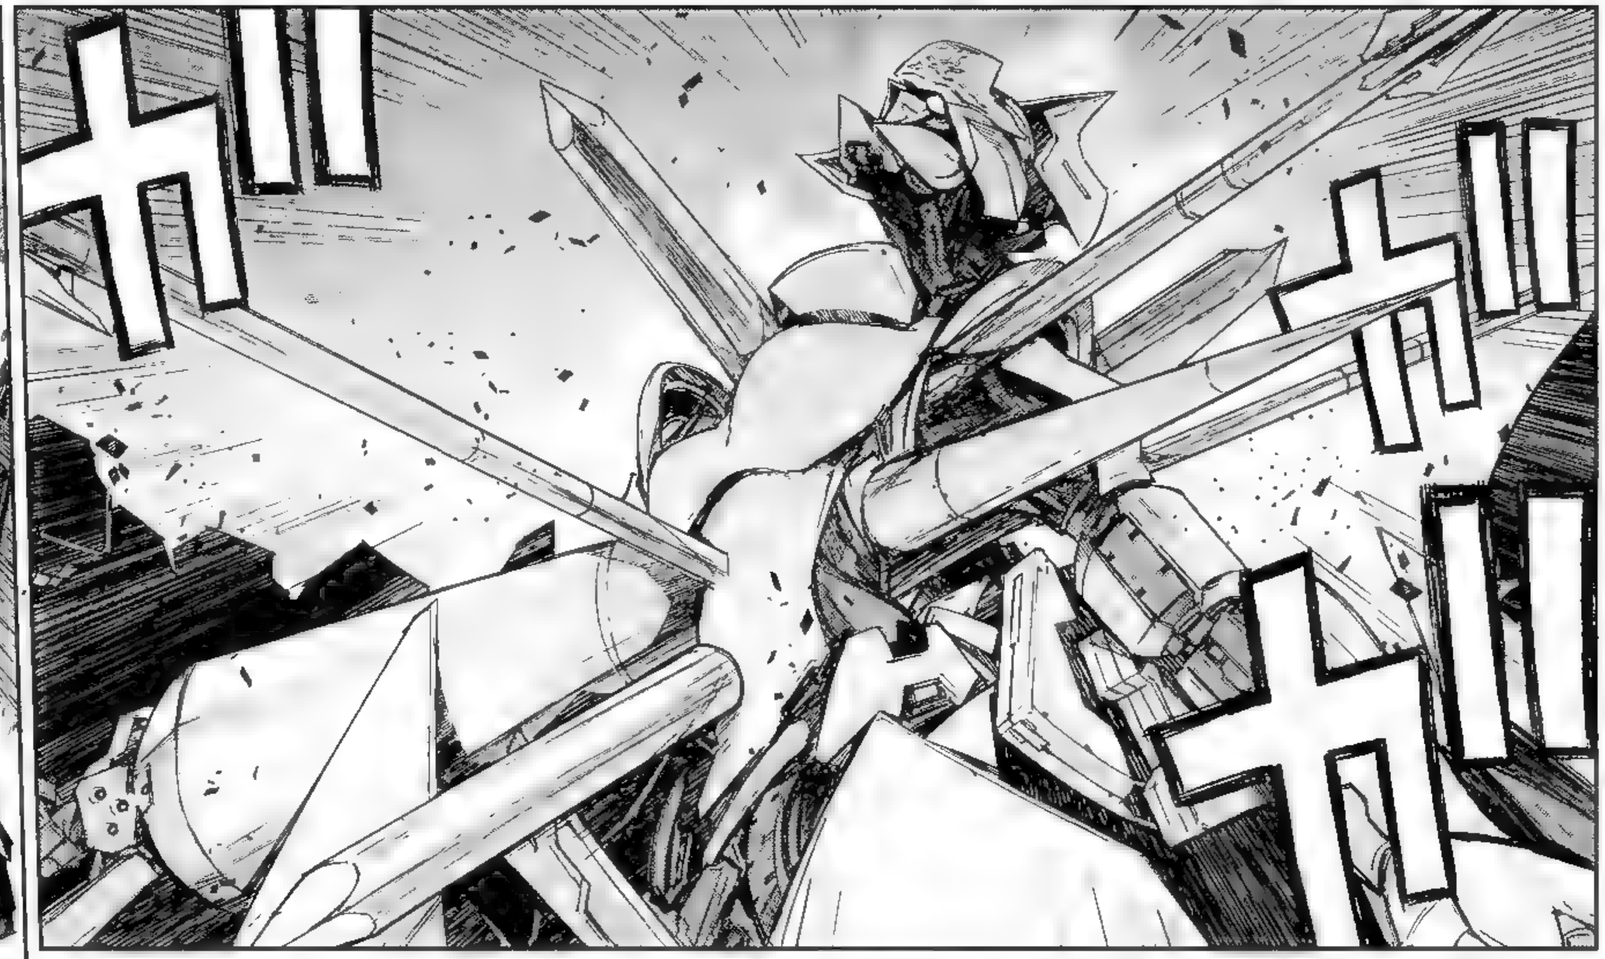
'Teacher's mentor'

Begin.

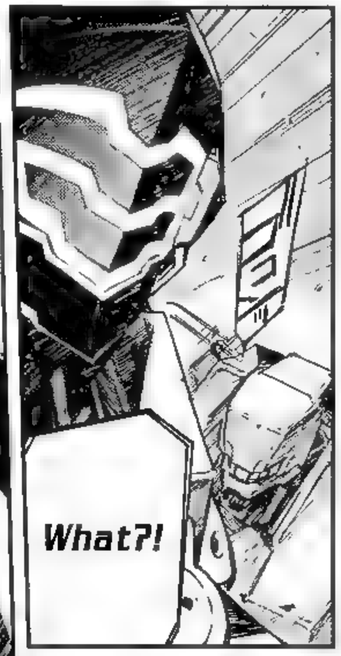
IT'LL BE TOO ANNOYING IF OUR CONTROLLING POWER IS TAKEN AWAY.

...THE LABOURERS WHO JUST WOKE UP TO FREEDOM...

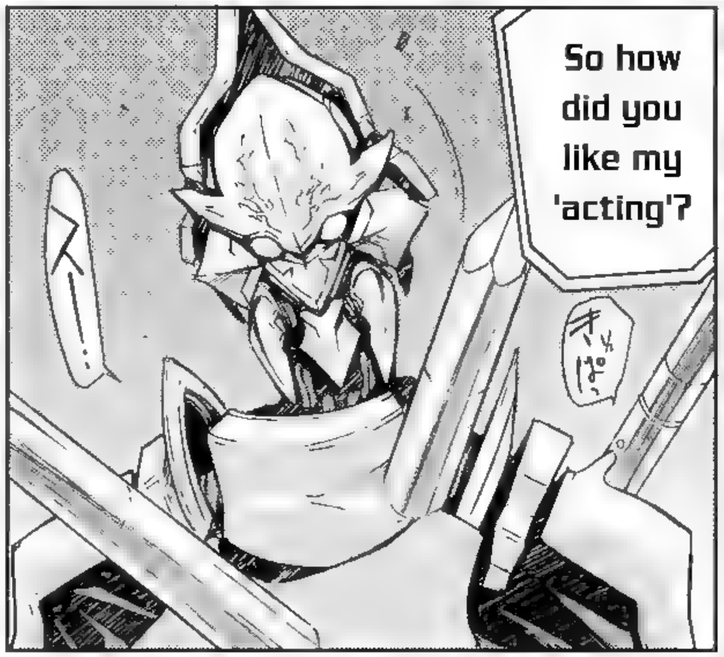




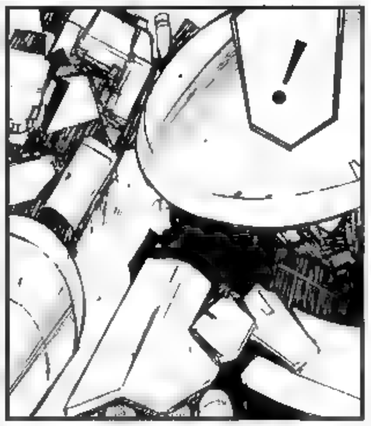
Long Sword. Star Destroyer.



What?!



So how did you like my 'acting'?



Did you really think you could touch the knight of death?

「IT'S DANGEROUS!」

...You guys are...

Master, the enemy's movement is strange.

AAH! THEY GOT SEPA-RATED SO EASILY!

Only a small team is facing Aoi Haruto's Gunhawk.

Nearly all the enemies are focusing on Takamura's Lady Astolantia.

They know what battle power we have...

No. It's not only that.

DON'T EXPECT MORE SUPPORT TO ARRIVE!

Aoi!

Yaka mura!

I CAN'T SENSE THE ENEMY'S MOVEMENTS WITH A SUBSTITUTE SENSOR

ONLY 24 ROBOTS ARE ABLE TO MOVE...

SO THE ROBOTS THAT ARE FIGHTING ME ALL DON'T HAVE A CONSCIOUS OF THEIR OWN?

THEY JUST HAVE MANY NUMBERS.

Special Robot Attack. Engage.

'The Drum of the Thunder God'

'The Spear of Indra'

There's no more bullets!

!

I CAN STILL USE IT!

WHAT ABOUT THE RIGHT ARM?!

I might have to cut the crazy exploding laser with my own hands!

When I'm shooting out the high level energy bubble, there was an error happening in my control panel.

!

110

EVEN IF IT'S THE WORST LASER, WE DON'T NEED TO RESEARCH ANYTHING.

SO THE ENERGY WON'T AFFECT IT, AND IT CAN MOVE IN A MORE SIMPLE WAY.

THEN CAN YOU LIMIT THE CONTROL OF YOUR RIGHT ARM?!

Even if I fire wildly, I'm just going to use up all my energy before it hits the target.

It's just that I can't move it properly.

It's not that I don't trust it...

No way!

?

AS LONG AS YOU, GUNHAWK, SUPPORT IT, IT'S GOING TO BE OKAY!

Right... there is such a way!
